

NAME: Eoin Carey

COURSE: Applied Social Care

POSITION CONTESTED: Entertainments Officer.

Hello all! And thank you for taking the time to read my manifesto. I am currently a second-year social care student. Before Corona I loved getting out and Socializing and having a drink with my friends. Throughout the current year I have also taken up gaming as an interest! For some of you who I have not met before, I am normally the one involved in every drinking game. Ever.

Well. I am not going to lie to you. The past year has been a rough year for everyone. My idea for the commencing SU Year is to create a year full of laughter in order to combat the previous year filled with boringness!

- **EVENTS:** If Successfully elected, I will plan as many events as possible in order to regain the time we lost last year. One of the best things about college is the social aspect of it. I am sure by now we are sick of seeing our friends over zoom and teams. With the current vaccination rates, I am hoping we will soon be able to run events. These events would include nights out – I would also love to follow up on my promises from last year, and to create a “Monday Night club” Which would hopefully provide students a bus to a certain venue on a Monday. For starters this would hopefully be once a month but could become more often if the interest were there! I would also love to create a deal with certain clubs to allow the “Monday Night Club” in for free – or a discounted price. Overall, I would like to part of rejuvenating the nightlife, and in campus activities for students of the Tallaght campus.
- **Positivity:** If Elected I will try and have more in campus events which promote mental health wellbeing, because let us be honest, after that year we need it. These events would range from having more fluffy rabbits, to ice-cream vans. Student feedback would be essential to this and help me take a more students-based approach when planning for stuff like this. The overall goal for next year is to make the college into the once welcoming and warm place it once was.
- **Current First Years:** From the bottom of my heart, I am deeply sorry you missed your first year of college, but do not worry. I am willing to make the following year the best it can be. With all opportunities normally reserved for first year (Like tickets for the mystery tour) will be reserved and promoted to the first and second years, before being promoted to other years.
- **Fellow Colleagues:** I would like to work with my fellow colleagues to create a team approach on how to tackle the next year. This would include event calendars to solidify event dates (So you can take days off if needed) This would provide students with a chance to hold funds to attend these events.

Overall. I genuinely want to make this year one of the best years possible. As we've all had our fair share of doom and gloom over the past year, and hopefully with government advice we can get back to doing what we done best. THE SESSION!

THAT'S IT! VOTE EOIN CAREY #1 FOR SOME MAJOR SESSIONS IN THE FOLLOWING YEAR!
